

Obstacle Course Quick Reference

Below you will find a list of Obstacle Course Team (OCT) members. This serves as reference for those who wish to use the obstacle course under the following circumstances:

1. If you wish to bring a group of cadets numbering less than fifteen (15) to the obstacle course you may do so without bringing an OCT member so long as the “Tough One” and “Team Wall” obstacles are not used.
2. If you wish to bring a group of cadets numbering fifteen (15) or more to the obstacle course to use any obstacles, an OCT member must be present.
3. If you wish to use the “Tough One” or “Team Wall” obstacles regardless of the size of the group, you must coordinate with an OCT member.
4. If you wish to use the obstacle course with any civilians, or an outside organization composed of cadets and/or civilians, you must coordinate with an OCT member. Advance approval by MGySgt Jones is required.
5. The O-Course is here as a resource – use it!

Name	Company
