## **Portrait photography options for cadets and families**

Updated: Aug. 27, 2020

With changes in available photography services in recent years, further influenced by protocols related to COVID-19, the Corps has established the opportunity for portrait photographers to offer their services to cadets/families for individual photos.

Below are photographers who work in the Blacksburg area, who have indicated a willingness to take military-style portraits, should a cadet or family be interested:

- Adrea Thomas Photography LLC, [cadetportraits.com](http://cadetportraits.com)
- Clix Portrait Studio, [clixblacksburg.com](http://clixblacksburg.com)
- Jeff Hofmann Photography, [jeffhofmannphotography.com](http://jeffhofmannphotography.com)
- Whitescarver Photography LLC, [whitescarverphoto.com](http://whitescarverphoto.com)
- Daniel Glass, [danglassphoto.com](http://danglassphoto.com)

Internally, the Corps will continue to focus its resources on portraits for our command boards and Corps Review features, as well as media and publicity needs.

If you are a photographer who wants to be added to this list, please email [shaybar@vt.edu](mailto:shaybar@vt.edu).
